HEARD THE MESSAGE

Galleries of Senate and House Well Filled With Plebians.

READING GIVEN CLOSE ATTENTION.

Some of the President's Utterances Received With Bursts of Applause, Especially the Remarks on Anarchy—Washington News.

Washington, Dec. 3.—In anticipation of the receipt of President Roosevelt's first message to congress, the members of the senate assembled early in the senate chamber and in the cloakrooms adjoining. Many senators, particularly the close personal and political friends of the president, already were familiar with the principal features of the message, but the reading of the first important state paper of the president was marked by unusual interest.

Despite the cold and penetrating rain which fell throughout the morning the senate galleries were well filled with interested spectators, many of them having a special interest in the message.

A communication was received from the house informing the senate that that body had been organized and was ready to proceed with public business. Senators Hale and Morgan reported that they had waited upon the president in conjunction with a like committee of the house to inform him that congress was prepared to receive any communication he might have to make, and the president said he would communicate with congress at once in writing. Major O. I. Pruden, assistant secretary to the president, then was recognized and presented the message of the president, the reading of which was begun at once by Henry M. Rose, chief clerk. Close attention was given to the reading of the message by all senators, the majority of whom followed the reading from the printed copies of the message distributed among them.

The reading of the message consumed two hours and 15 minutes. When it was completed, Mr. Foraker was recognized to offer the following resolution, for which he asked immediate consideration:

"That a committee of 11 senators be appointed on the part of the senate to join such committee as shall be appointed on the part of the house to consider and report by what token of respect and affection it may be proper for the congress of the United States to express the deep sensibility of the nation to the tragic death of the late President McKinley and that so much of the message of the president as relates to that deplorable event, be referred to such committee." The resolution was adopted and then as a further mark of respect to the memory of the late president, the senate, on motion of Mr. Foraker, adjourned.

In the House.

There was a very good attendance in the galleries of the house to listen to the reading of the first message of President Roosevelt. The members gathered early chatting and discussing prospective legislation. The main topic was the personality of the new president. Keen interest was manifested in what he would have to say in his message.

As the hands of the clock pointed to 12, Speaker Henderson called the house to order. After the journal was read and approved, Mr. Cooper (Tex.) and Mr. Wood (Cal.) were sworn in. On motion of Mr. Payne, the floor leader of the majority, it was agreed that when the house adjourns it be to meet Friday of this week.

The speaker announced the appointment of the committee on rules as follows: Mr. Henderson of Iowa, Mr. Dalzell of Pennsylvania, Mr. Grosvenor of Ohio, Mr. Richardson of Tennessee and Mr. Underwood of Alabama. The only change in the committee was the substitution of Mr. Underwood for Mr. Bailey of Texas, who is now a member of the senate.

Mr. Bingham (Penn.), at the head of the committee appointed to wait upon the president, reported that the committee, accompanied by a like committee of the senate had performed its duty and that the president would at once communicate with the two houses in writing. Two minutes later Major Pruden, assistant secretary to the president, appeared at the main entrance and announced a message from the president. The message was taken to the speaker's desk, where Speaker Henderson broke the seal. "A message from the president of the United States," he said as he handed the document to the reading clerk and directed him to read it.

Ordinarily presidential messages at the opening of a congress are listened to in a perfunctory fashion, but throughout the reading of the message the keenest interest was manifested. Hardly a member left his seat until the reading was concluded. There was

a slight murmur of applause when in concluding the recommendation for legislation to put down anarchy, the clerk read "no matter calls more urgently for the wisest thought of congress." The murmur when this sentence was read was followed by a burst of applause when the clerk read, "The American people are slow to wrath, but when their wrath is once kindled it burns like a consuming flame." Probably no other portion of the message attracted so much attention as that relating to trusts. No demonstration was evoked by the reading of this portion of the message, but the recommendation for the re-enactment of the Chinese exclusion law drew applause from both sides.

The reading of the message was concluded in the house at 2:35. Mr. Grosvenor then offered a resolution in line with the resolution offered in the senate by Mr. Foraker providing for a committee of one member from each state represented in the house to join the committee appointed on the part of the senate to consider and report proper action for congress respecting the death of President McKinley. The resolution was adopted and in pursuance therewith the speaker appointed a committee of one member from each state and territory. The house, as a further mark of respect adjourned.

The flood of bills Monday was so great that the clerical staff was busy all night and got abreast of 279 public and 1,113 private bills, a total of 1,392, or about one-half of all those introduced. Representative Brownlow of Tennessee led the list with 252 bills and resolutions.

Cabinet Meeting.

Washington, Dec. 3.—The cabinet meeting was principally consumed in a discussion of insular decisions handed down Monday by the supreme court. On the whole it is believed the views of the majority of the court are quite satisfactory to the administration. It was pointed out that the ultimate results of these decisions are in a measure speculative at present with the exception that the customs duties collected in this country on goods shipped from the Philippines since the ratification of the Paris treaty will have to be refunded. It is not thought, however, that the aggregate will be large and Secretary Gage expects that it will be within \$1,000,000. He called attention to the fact that the great bulk of the imports from the Philippines were admitted free of duty under our general tariff laws, notably hemp, which is one of the leading staples of the group. Mr. Gage thinks the present tariff in operation in the Philippines will need little or no revision.

Philippine Tariff Collected.

Washington, Dec. 3.—Secretary of War Root has declined to express an opinion as to the effect of the insular decisions in the supreme court, until he has had an opportunity to read them in full. Figures obtained at the war department and treasury bureau of statistics relative to the trade affected show that from the beginning of United States occupancy of the Philippines, Aug. 22, 1898, up to June 30, 1902, the total imports in the Philippines from the United States were valued at \$1,607,486, while during the same period the imports from Spain were valued at \$1,993,390. On the other hand, the imports into the United States from the Philippines from Sept. 1, 1898, to Dec. 1, 1901, aggregated \$15,448,600. But of this large total only \$1,894,523 consisted of dutiable goods, so that the refund on these would not be large.

Going After Anarchists.

Washington, Dec. 3.—Senator Burrows of Michigan will introduce a bill providing for the exclusion and expulsion of alien anarchists. By its provisions the board of inquiry is authorized to diligently search for anarchists among the foreigners coming to this country and ascertain as to his antecedents, his opinions as to governments, or whether he belongs to any society or association with anarchistic tendencies; and it may examine the person of such alien for marks indicative of such membership. The board may accept evidence of the immigrant's common reputation as an anarchist, and orders, decrees and judgments of foreign governments and police notifications as prima facie evidence, which may be deemed sufficient to prevent admission of aliens.

Indianapolis, Dec. 3.—Fire broke out in the north end of the Big Four depot and for a time threatened entire destruction of the mammoth building. The fire department succeeded in confining the flames to the general freight offices and extreme north end of the building. General Superintendent Van Winkle says loss will not exceed \$25,000.

Getting Evidence Against Carter.

Cincinnati, Dec. 3.—For some time Edgar I. Johnson, one of the federal bank examiners has been in Cincinnati on a mission that was kept secret. It is claimed Johnson has secured valuable new evidence for the government in the next trial of Captain Oberlin M. Carter.

FILIPINO VS. FILIPINO

Natives of Samar Armed to Wage War Against Dusky Brothers.

DRASTIC MEANS TO SECURE PEACE.

Male Filipinos Ordered From Coast Towns Into the Interior to Bring In Guns and Native Soldiers. Samar Fort Destroyed.

Manilla, Dec. 3.—Advices from Catabalogan, capital of the island of Samar, report that the Filipino general, Lukban, has offered to negotiate terms of surrender with General Smith. To this offer the American commander replied that the time for negotiations had passed. Lieutenant commander James M. Helm, commanding the United States gunboat Frolic during November, destroyed 147 boats engaged in smuggling supplies to Filipinos.

General Smith has ordered all male Filipinos to leave the coast towns for the interior. In order to be allowed to return they must bring guns, prisoners or information of the whereabouts of native soldiers. Fully 500 natives of Catabalogan have volunteered to fight the native troops in order to bring peace to Samar. Of these 100 have been accepted. They are armed with bolos and spears and are doing scouting duty under command of Lieutenant Compton.

Lieutenant Baynes of the Ninth Infantry attacked and destroyed a Filipino fort, inflicting heavy loss and captured the breakfast of the officers, which included canned goods. He found at the fort an arsenal with appliances for making and reloading cartridges.

The American marines are working havoc with the Filipinos in the southern part of Samar. Lieutenant William H. Fletcher commanding the gunboat Quire destroyed 12 salt manufacturing, 35 tons of hemp, 12 tons of rice and several barrios which served as rendezvous for the Filipinos.

SURPLUS SWALLOWED.

Bank Officials Discover That It Was Systematically Appropriated.

Bellston, N. Y., Dec. 3.—The First national bank of this place was closed Tuesday pending an investigation by a national examiner. It is stated that the closing of the bank followed the discovery of irregularities in the accounts of the teller, Charles E. Fitcham. The bank began business in 1865. Judge J. S. Lamoreaux succeeded the late George West as president last October, and H. J. Donaldson succeeded to the vice presidency. The new executive officers began at once a thorough investigation of the bank's affairs and discovered indications of a defalcation on the part of Fitcham. The investigation developed that the defalcation began many years ago.

Bank examiners Graham and Van Vracken were sent for and after a thorough examination they reported a shortage of \$100,000. A warrant for Fitcham's arrest was issued. Fitcham was bonded to the amount of \$1,000. He has a wife and one daughter. President Lamoreaux said it was not possible to determine the amount of Fitcham's defalcation without inspection of outstanding certificates of deposit and pass books of depositors. He says the teller alone is responsible. Mr. Lamoreaux added that it is not possible any loss can come to depositors or certificate holders, as the bank has a surplus of \$100,000 which it hoped will nearly or quite meet the deficit and leave the bank's capital of \$100,000 unimpaired. An examination of the bank by Examiner Van Vracken last August failed to disclose any irregularity in the accounts.

Fitcham is ill at his residence, where he is under arrest and guarded by two officers.

Pistol That Killed Ayres.

Washington, Dec. 3.—The pistol with which James Seymour Ayres, Jr., was killed at the Hotel Kenmore last May, and for whose murder Mrs. Lola Ida Bonine is undergoing trial, figured prominently in Tuesday's proceedings of the case. Duncan B. Hubbard of Mount Clemens, Mich., who formerly lived at the Kenmore, testified that he had seen a pistol in a bureau drawer in Ayres' room and identified the weapon in evidence as being very similar to it. Thomas Ford of Sanilac county, Mich., testified that while visiting here last June, Ayres loaned him a loaded revolver. J. P. Stevens also testified to having seen a pistol in Ayres' room and partially identified the one in evidence. A. E. Perklyn, a dyer and scourer was called to refute the testimony of Dr. Schaeffer, the expert who testified for the prosecution. He said it was a simple operation to remove bloodspots from garments and that he had frequently done so in a manner to leave no trace of the spots. It is believed the case will go to the jury by Saturday.

Sleeper's Final Sleep.

Hiawatha, Kan., Dec. 3.—J. S. Lytle,

a Kansas pioneer, died here after an illness lasting three years. During that time he slept most of the time. While in Santa Sana, Cal., he slept from May 28 to Aug. 20. He was brought home in September and slept continuously since Sept. 2. Shortly before he died he awoke. During his long sleep he was fed by means of a rubber tube.

CLAIMS AGAINST VENEZUELA.

German Minister Wants to Collect Them With Warships.

Port au Spain, Trinidad, Dec. 3.—Passengers arriving from Laguayra the port of Caracas, say the German minister to Venezuela has recommended to his government that eight war vessels be stationed in the various ports of Venezuela to enforce the payment of claims against the republic.

General Conteno, formerly a friend of President Castro, and Generals Muquerza, Romeo Garcia Hernandez, Michelen and Palacios, as well as the presidents of banks and principal merchants of Caracas are prisoners in the capital, according to the last advices.

There are 18 mercantile houses in Caracas closed, and not a single bank transaction has taken place there in more than a week.

Supreme Court's Work.

Washington, Dec. 3.—The attorney general's annual report to congress shows there was an increase of 31 cases docketed during the year on the supreme court appellate docket and a decrease of three in the number disposed of, leaving 336 remaining on the docket at the close of the year. The number of cases actually considered by the court was 268, of which 79 were argued orally, and 152 submitted on printed briefs. The report also shows that during the year there were 4,641 United States prisoners serving sentences in penitentiaries, 1,611 discharged during the year and 1,650 received 41 died and 63 pardoned.

Was Imprisoned For Debt.

Boston, Dec. 3.—Thomas A. Scott, the former western millionaire, who has been confined in the Charles street jail since last February for debt, was released on the ground that his board bill, 25 cents a day, had not been paid by his prosecutors. Mr. Scott was arrested in this city last February on a mesne process. Sometime afterward he made application to take the poor debtors' oath, but his prosecutors prevented him and he then went into bankruptcy. From that time his board bill has not been paid.

Considine's Conviction Stands.

Cincinnati, Dec. 3.—Last December in the federal court James Considine, well known as a theatrical manager, was convicted on the charge of robbing the postoffice at Greenville, O., and was sentenced to five years. Pending his appeal Considine has been out on \$10,000 bond. The United States circuit court of appeals has affirmed the finding of district court.

Trial of Iglesias Postponed.

San Juan, P. R., Dec. 3.—The trial of Santiago Iglesias, the representative here of the American Federation of Labor, which was to have been called Dec. 2 was postponed until Dec. 11. Iglesias was arrested in San Juan in November on a charge of conspiracy, and released in \$500 bail.

Shot By Indians.

Bisbee, A. T., Dec. 3.—John Baker arrived here and reported that himself and his partner, Walter Kelley, were fired on by Indians near the San Bernardino ranch in the mountains of southern Arizona and that Kelley was killed. Baker was painfully wounded. Officers have gone to investigate.

Six Indians Drowned.

Vanconver, B. C., Dec. 3.—Chief Jimmy Harry of Seymour Creek, brings the information that six Indians were drowned by the capsizing of their boat in the northern arm of the Inlet. One Kiootchman who was in the boat with the rest when the accident occurred, was rescued.

Hawaii's Tariff on Sugar.

Washington, Dec. 3.—The secretary of the interior sent to the house a copy of a resolution of the legislature of Hawaii making a duty on coffee, in order to protect the coffee industry of Hawaii.

Illinois Mayor Indicted.

Decatur, Ill., Dec. 3.—The grand jury returned an indictment against Mayor Charles Shilling, charging malfeasance in office. The indictment was based on charges made by a committee of citizens who allege that the mayor knowingly permitted gambling contrary to law.

Coal Breaker Destroyed.

Scranton, Pa., Dec. 3.—The breaker of the Green Ridge Coal company was destroyed by fire with all boiler and engine houses, blacksmith shop and car sheds entailing a loss of \$110,000, partly insured. The breaker was one of the largest and best equipped in the Lackawanna valley.

Want More Wages.

York, Pa., Dec. 3.—The 300 skilled workmen and laborers employed at the Delta slate quarries went on strike for an increase of wages. Every quarry but one in region is affected.

TRIED TO GET AWAY.

Murderer Made Desperate Effort to Cheat the Gallows.

WAS CAPTURED AND PUT TO DEATH.

While Attended by Spiritual Adviser Condemned Man Rushed Past the Guards in a Daring Dash For Liberty—His Crime.

Mount Holly, N. J., Dec. 3.—Charles Brown made a desperate attempt to break jail a short time before the hour set for his execution for murder.

As his spiritual adviser, Rev. J. C. Dlosinger of Camden, was leaving the cell in compliance with a wish of the prisoner that he be left alone half an hour to prepare himself for death, Brown suddenly rushed from his cell armed with a piece of lead pipe which he brandished at the guards. Surprised by the suddenness of the attack the guards fell back. Brown dashed down the corridor, sprang down a short flight of steps and reached the kitchen. He waved aside guards who were following him, jumped through a window and reached the yard, where he armed himself with an axe. One of the deputies who approached the desperate man was struck on the arm with a piece of pipe, but others closed in on Brown and overpowered him. He was manacled and placed in his cell to await execution.

An hour later Brown was escorted to the gallows and executed. Death was almost instantaneous.

Washington Hunter, for whose murder Brown was hanged, was a wealthy retired farmer aged 70 years, and lived with his wife at Riverside, N. J. The night of Jan. 25 Charles Brown, John Young, Charles Miller and Otto Keller forced an entrance into Hunter's house with the intention of robbing the place. Mr. Hunter resisted and was brutally beaten with an iron bolt. His wife brought him a revolver, with which he defended himself until his assailants were frightened away. Mr. Hunter died four days later. Young and Keller were arrested in New York and Keller, who turned state's evidence, is now awaiting sentence. Brown was found in Sing Sing prison, where he was serving a term for burglary. Governor Odell pardoned him in order that he might be brought here for trial on a murder charge. Miller has not yet been apprehended.

Young and Brown were both convicted of murder in the first degree and were to have been hanged together. Young, however, secured a writ of error from the court of appeals which acted as a stay.

Canada Claims Skagway.

Port Townsend, Dec. 3.—According to advices from Alaska the Canadian government still retains a faint hope that Skagway is a city of Canada. Some Canadian authorities insist that in the Canadian customs form Skagway shall not appear as Skagway, Alaska, but as plain Skagway, with the word Alaska omitted, which action Americans interpret to mean that Canada does not propose to recognize American ownership of that place. Another move is on foot in Alaska to secure a regular territorial form of government, including a delegate to congress. During the present session of the United States court at Juneau a proposition is to be made to the Alaskan Bar association to take in hand the matter of calling a territorial convention for the object stated.

KENTUCKY'S RESOURCES.

The Legislature Should Provide For a Splendid Exhibit at the St. Louis Exposition.

The newspapers of Kentucky are taking kindly to the Board of Trade's suggestion for an appropriation by the Legislature to exhibit the State's resources at the Louisiana Purchase Exposition. There are wrapped up in this idea great possibilities and to unfold them the Hon. Wm. H. Cox from this Senatorial district will present a bill to the General Assembly which meets in Frankfort January 1, 1902. If we, as a State, desire to move forward, we must get together so that the world may not look upon us as a race hedged about with a Chinese wall of personal animosities, whose ideals are riots, feuds and strikes; the type of men being giants who roam wild through the fastnesses of a territory overgrown with underbrush and as impenetrable as the jungles of Africa. Upon the contrary we Kentuckians know how vehemently we do contend for a point and also how courage, worth and ability find in us able champions ever calling out our assistance.

The bill which should be passed without a dissenting vote will be known as "a bill making an appropriation to exhibit Kentucky's resources at the Louisiana Purchase Exposition in St. Louis, Mo., May 1st, 1903." In general form it will follow the World's Fair bill which appropriated \$100,000 under the distribution of five commissioners appointed by the Governor. These must give bond and receive \$5 per day for actual time spent in executing the measure, the main idea being to gather together our minerals, timber, products of the soil and farm; to exhibit our area, geographical prowess and climatic advantages and through maps to show the railroads, waterways, turnpikes, mountains and plateaus which go to make up the most magnificently endowed State in the sisterhood.

But—and here is why we are to-day fifty years behind the procession—we need some new life to mix with ours; we need more wealth to develop us; we need new energy to revitalize our blood and cause us to arouse from a State of lethargy to the active possibilities which are all about us. When thus equipped we can build railroads, lock and dam the streams which now are of no benefit to transportation, open to commerce the mineral wealth of our mountains, make fertile the barren plains and introduce to the world a class of citizens sturdy, true and able, who through the new methods and inventions of a more favored class, can become its peers in originality, skill and productivity.

The widest publicity should be given this measure; the heartiest support should be enlisted from the members of the Legislature. Let's arise in our unanimity and advertise our crude materials and finished products by an exhibition which shall be the means of bringing into our State millions of money, years of work and thousands of beings which shall in a few years transform this commonwealth.

ANOTHER ACCIDENTAL SHOOTING.

Mrs. Jos. Ross Probably Fatally Wounded Tuesday at Her Home in Fleming County.

Mrs. Joseph Ross was accidentally shot and badly wounded Tuesday about 11 o'clock at her home at Dobynsburg, Fleming County. Her husband was in an adjoining room loading an old musket preparatory to going rabbit hunting. He was in the act of placing the cap on when the hammer slipped out of his hand, discharging the gun. It was loaded with No. 4 shot, and the contents passed through the door, the charge entering the thigh and side of Mrs. Ross who was seated in the adjoining room with a child in her arms. One hundred and twelve shot struck Mrs. Ross, and one entered the child's thigh.

Dr. A. N. Wallingford was summoned and dressed the wounds. Mrs. Ross' injuries are very dangerous and may prove fatal.

Miss Edith DeWitt, formerly of this city, was married recently at Point Pleasant, W. Va., to Mr. R. M. A. Williams.

THE BEE HIVE

MISS EMILINE BEE HIVE

The Queen of the young people, sent to us direct by old Santa Claus, will make her first appearance in the centre window on Tuesday night. Miss Emiline brings with her the greatest collection of presents ever shown in Maysville. We received a letter from her on Saturday and she writes as follows:

SANTA CLAUS' HOME.

Merz Bros., Maysville, Ky., My Dear Friends—I leave here Saturday at 3:15 with old Santa, and if the roads are not bad will see you on Tuesday afternoon. Santa Claus told me he was in Maysville in October, and went through every store in your town and after looking through all of them he decided to send me to your store, and oh! I am so happy, because old Santa told me that you have the nicest store in town, and the nicest clerks and that more little children trade at your store than all of the others together. Be sure and tell all the children to come and see me, and tell them I am bringing the prettiest things along with me, and so very many. Tell the children I am bringing things for their papas, mammas and their brothers and sisters. I think old Santa Claus is bringing too many things for your town. It seems to me he is sending enough Xmas presents for a city like New York. I must stop now. Hoping to find you all well I am with lots of love, your little friend, EMILINE.

We hope our young friends will give Miss Emiline a great reception.

Do wear out Shoes to beat the band, and it seems hard to find the kind that look decent, stay together and don't cost much. Boys' Shoes need stouter material than Men's Shoes—you know that. It's a "tough article" that can long withstand the romping rascals.

WOODEN WEDDING.

Mr. and Mrs. W. A. Tribble Celebrate the Fifth Anniversary of Their Marriage.

Mr. and Mrs. W. A. Tribble, of Stanford, celebrated their wooden wedding Tuesday evening, Nov. 26th. The Interior Journal says: "Sixty-three persons availed themselves of Mr. and Mrs. Tribble's invitation and they had every reason to be glad that they did, for nothing was left undone to add to their pleasure by the genial host and charming hostess, who delight to dispense hospitality to their friends. The house was brilliantly illuminated and beautifully decorated for the occasion. Mr. and Mrs. Tribble received, being assisted by her charming and handsome mother, Mrs. James C. Pickett, of Mason County, and Mesdames J. B. Paxton, Wm. Severance and J. S. Owsley, Jr., and Miss Anne H. Shanks entertained the guests in a most charming manner, while Miss Nannie Vandever delightedly presided over the punch bowl. At 9 o'clock the guests were invited to the dining room to partake of a repast, served elegantly and tastily in three courses, that was fit for the gods. In passing out of the dining room carnations were pinned upon the lapel of each guest."

MUST CERTIFY RESULT.

So Judge Harbeson Decides in the Suit to Mandamus the County Election Commissioners.

The suit of M. O. Daily against the County Election Commissioners to compel them to give him a certificate of election as a member of the Board of Education from the Fifth ward was before Judge Harbeson Tuesday on demurrer, and was argued by Mr. T. D. Slattery for plaintiff and Messrs. A. D. Cole and Wm. D. Cochran for defendants.

Defendants contended it would be useless for the commissioner to certify Mr. Daily's election, as they claimed no vacancy existed in the board. In answer to this Mr. Slattery contended that the Election Commissioners had no right or power to decide whether a vacancy existed in this or any other office, that it was their duty to certify the result as they found it.

Judge Harbeson overruled defendants' demurrer, holding that the duty of the commissioners was simply ministerial. Defendants were given leave to file an answer.

The successful repertoire attractions are few and far between, and in fact the companies of this class can be counted on a single hand. One of the strongest of these organizations, and perhaps one that has won first place in this field, is the Keystone Dramatic Company, which is now in its fifth season. The engagement of this company at the opera house means a series of productions at popular prices which are said to equal the original productions, when it is taken into consideration that such plays as "The Senator's Daughter," "Utah," "Bound by an Oath," &c., will be mounted with special scenery and presented entire.

Representative Boreing is preparing a bill which he will shortly introduce appropriating \$150,000 for the erection of a public building at London. It is said Judge Cochran believes that London will furnish the largest docket in the Eastern district and is an advocate of Mr. Boreing's bill.

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One third of the best part of a woman's life sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, and brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to women, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.
